

MISAEEL VALENCIA MADRIGAL

Java Full Stack Junior Developer

Monterrey, NL • +52 8130900599 • misavalmad@gmail.com • linkedin.com/in/misael-valencia-madrigal • github.com/misavalmad • Portfolio

PROFESSIONAL SUMMARY

Computer Systems Engineer with a strong academic background and a focus on software development. I have specialized my technical profile through the Generation Mexico Bootcamp, mastering the **Java, Spring Boot, and React.js** stack for building scalable web applications. I combine university training with practical experience in the full software development lifecycle (SDLC), REST API integration, and Agile methodologies (Scrum). Possess **C1** English proficiency and analytical skills to solve complex problems in international environments.

TECHNICAL SKILLS

Java (Spring Boot) • React.js (Hooks, Context) • HTML5 & CSS3 • RESTful APIs • MySQL • Git / GitHub • Postman • Scrum / Agile • Jira

SOFT SKILLS

Problem Solving • Teamwork • Technical Communication • Adaptability • Continuous Learning

ACADEMIC PROJECTS

E-commerce Website (Full Stack) Nov 2025 – Feb 2026

Generation Mexico

- End-to-end development of an e-commerce platform under MVC architecture.
- Backend:** Microservices with **Spring Boot**, REST endpoints, and **MySQL** persistence.
- Frontend:** SPA with **React.js** for shopping cart and catalog management.
- Integration:** Async API consumption and validation using **Postman**.
- Version control with **Git/GitHub** and iterative development under **Scrum**.

WORK EXPERIENCE

Content Moderator | Teleperformance Nov 2023 – Apr 2024

Monterrey, NL

- Digital content analysis (+200 daily cases) using **Jira** and security tools.
